Rent-N-Go is designed to make owning a car much easier. Many people shop at used dealerships in an attempt to save money. However, cars break down and repairs are not cheap, plus obligations to make payments on a car that doesn't work can be very frustrating. We are here to help!

Renting to own a vehicle is safer and more reliable. In 24-48 months of payments you will own the vehicle. Our vehicles are pre-licensed and we pay your property tax and sales tax up front. We are including a limited 3 year, 36,000 mile warranty so that you are not stuck paying for a new transmission if anything happens. We also maintain your vehicle with oil and filter changes, tire rotations, and a helpful 23 point inspection to make sure your vehicle is safe.

Rent-N-Go cares about you and we want to help you as much as possible. That's why you are not obligated to keep making payments if you bring the vehicle back. We can also hold your vehicle for three payment terms in case money is tight at anytime that month.

We offer all of these benefits to make getting a car hassle-free. We will always take care of you and keep you in a vehicle. We do not check credit. Bankruptcy, child support loans, divorce doesn't apply here. We accept every one!

## How do I drive home today?

You will need:
